

**MIDWAY SEWER DISTRICT
RESOLUTION NO. 2015-08**

RESOLUTION ESTABLISHING A COST RECOVERY POLICY

Background:

The District encounters a number of situations in which the District is required to recover costs relating to use of District personnel, equipment and materials. These situations include uses where the District uses equipment to assist other entities, the use of District personnel, equipment and materials during the repair of damages to District facilities caused by third parties and the use of District personnel, equipment and materials to respond to emergency incidents caused by third parties.

In order to establish a basis for recovering District costs in these situations the District has determined that it is necessary to establish a cost recovery policy.

Resolution: NOW THEREFORE, BE IT RESOLVED, that the Board of Commissioners of Midway Sewer District hereby adopts a new Section 5.24.070 Cost Recovery to the Midway Sewer District Code in the form attached hereto as Exhibit A. The Code change shall become effective immediately.

Adoption: ADOPTED at a regular meeting of the Board of Commissioners of Midway Sewer District on May 13, 2015, the following Commissioners being present and voting:

Commissioner

Commissioner

Commissioner

Commissioner

Commissioner

EXHIBIT A

Section 5.24.070 Cost Recovery

- A.** A person who acts negligently or in violation of the MSD code or the law and thereby causes damages to District facilities shall be responsible for reimbursing the District for the cost of the District's labor, equipment, and materials associated with the repair of the damages.
- B.** A person who acts negligently, or in violation of the MSD code or the law and such action results in the District having to provide an emergency response to a danger posed by sewage and/or hazardous substances shall be responsible for reimbursing the District for the cost of the District's labor, equipment, and materials associated with the emergency response.
- C.** If the District uses its equipment to support the operations of another entity the entity shall be responsible for the cost of the equipment used to support the entity's operations.
- D.** Labor costs charges shall be based on the actual labor cost for the personnel involved. Material costs shall be based on the actual material costs incurred. Equipment Costs shall be established on annual Equipment Cost schedule adopted by the General Manager.
